EXPERIENCE

AMC Theatres, Leawood, KS — Content Developer

Responsible for the development, implementation, and deployment of all content and promotions on AMCtheatres.com via the CMS using, HTML, JavaScript and CSS.

Department of Corrections, Lafayette, LA —

Administrative Coordinator

Prepared correspondence; Maintained and updated case records.

EDUCATION

Galvanize, Denver, CO — Full Stack Immersive

Six month intensive web development program with a focus on JavaScript, AngularJS, Express, PostgreSQL and NodeJS.

University of Tennessee, Knoxville, TN — Bachelor of Arts

Economics, Business Minor

PROJECTS

Portfolio — NodeJS, AngularJS, Yeoman, Grunt, Bower

My first project built using Yeoman and Grunt.

FIFA Soccer Packs — NodeJS, Express, AngularJS, PostgreSQL

Open soccer packs with your friends for fun! A back-end Express API consumed by a front-end Angular app.

MEAN Tea App — AngularJS

A tea shopping cart! Select quantity, search by category, add items to cart, remove items.

Reddit Clone App — AngularJS

Using AngularJS to recreate the features of Reddit! Submit posts with images, add comments, upvote/downvote, search.
